Hands-Free Water Cooler with Visual Filter Monitor

Discover the
professional's choice.[™]

The smart way to provide healthy drinking water
in schools and healthcare facilities

Hands-Free Water Cooler with Visual Filter Monitor

Providing a sanitary and healthy drink of cold water has never been easier, thanks to the hands-free Elkay WaterSentry® Cooler with our exclusive **Visual Filter Monitor**. Designed specifically for educational and healthcare facilities, this family of water coolers not only provides filtered water at pennies per gallon... it also lets you know when the filter needs to be replaced. And with a filter rated for up to 1,500 gallons, it doesn't need to be replaced very often, making this intelligent water cooler an even smarter choice.
