

ELKAY

Water Dispenser, **Sustainable** and Stylish

ezH2O Liv Pro™ In-wall Filtered Water Dispenser 115V

Serve guests and colleagues cleaner, healthier water in a sustainable way with an **Elkay ezH2O Liv Pro™**. This eco-friendly filtered water dispenser is engineered to accommodate the extra capacity needed in commercial spaces such as lobbies and conference rooms.

SEAMLESS DESIGN

Fits within the width and depth of two wall studs near water and electric. Includes drip tray with optional drain connection; can connect into existing water line. Designed for new construction or existing spaces.

CHILLER OPTIONS

Unit can be installed with or without a chiller. Chiller sold separately. Various chiller options available, based on application.

FILTERED WATER

Filter is certified to NSF 42 and 53 to reduce lead and other harmful contaminants. Filter status lights indicate when filter changes are needed. Unit can be installed with or without the filter box, based on application.

Commercial model: 3,000-gallon filter

BOTTLES SAVED

Backlit LED Green Ticker™ counts the number of disposable, single-use plastic bottles served without the plastic bottle waste.

SENSOR ACTIVATED

Hands-free filling with automatic timed shut off to help prevent accidental spills and messes. Safety lock setting prevents unsupervised use.

CONVENIENT AND SUSTAINABLE

Self-serve design allows people to help themselves to refreshing water, at home or in commercial spaces, in an eco-friendly way.

Water dispenser installs between standard wall studs.
Water line and electrical required.
